

Story vs Storage

What ?

Carefree Adolescence

Call me by your name.

The summer chronicle of a carefree adolescence in the throes of desire, love and loss. We let ourselves be gently carried away by the summer languor and the sweetness of a life free from all practical difficulties. **Until Olivier, an american, come to disturb this peaceful setting.**

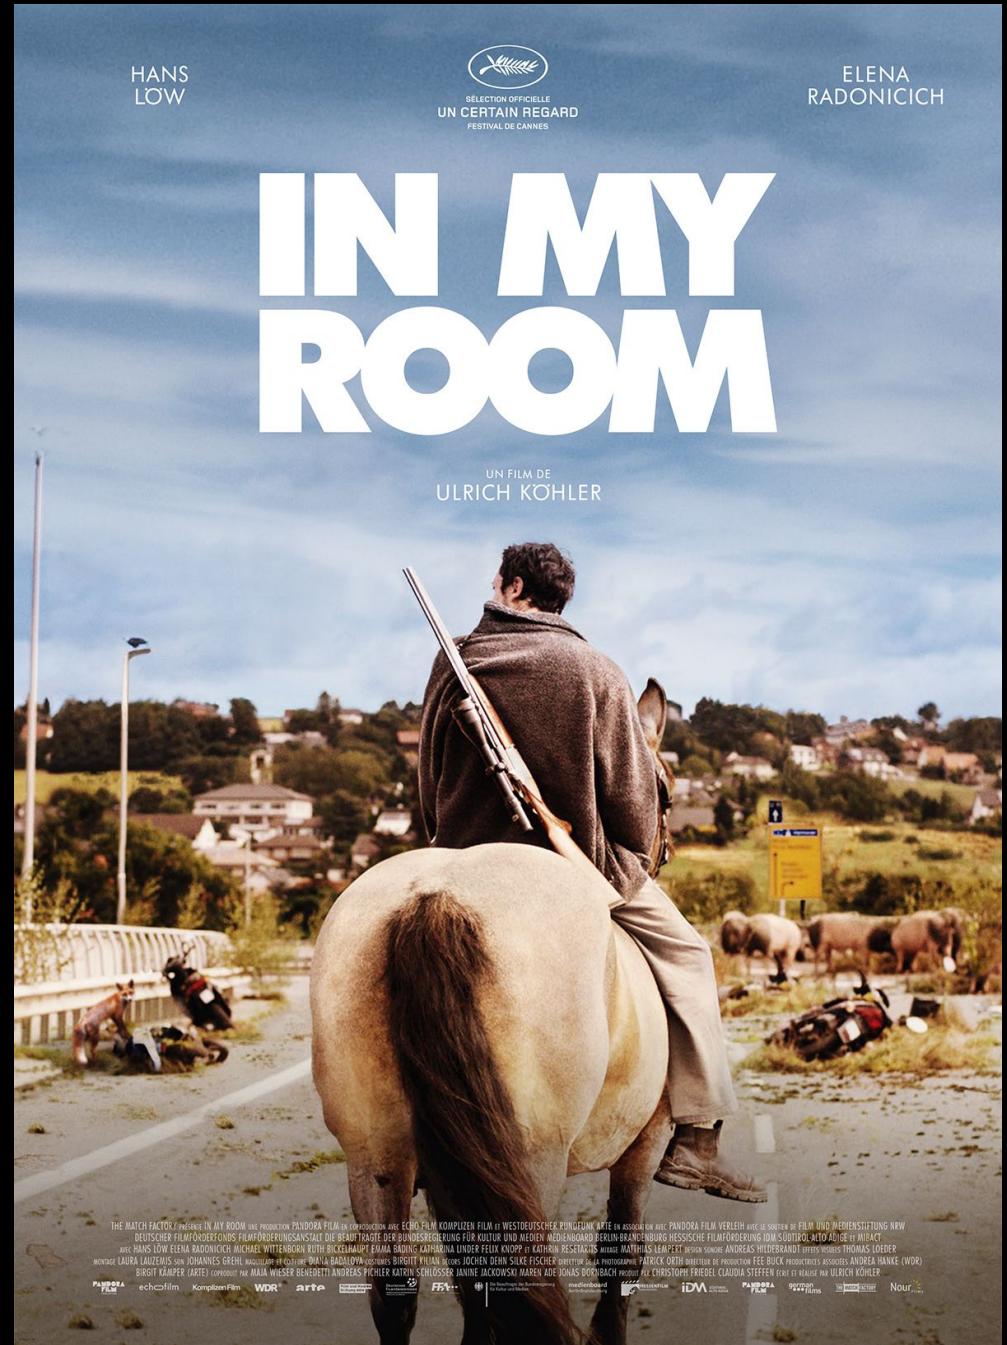

Tchernobyl

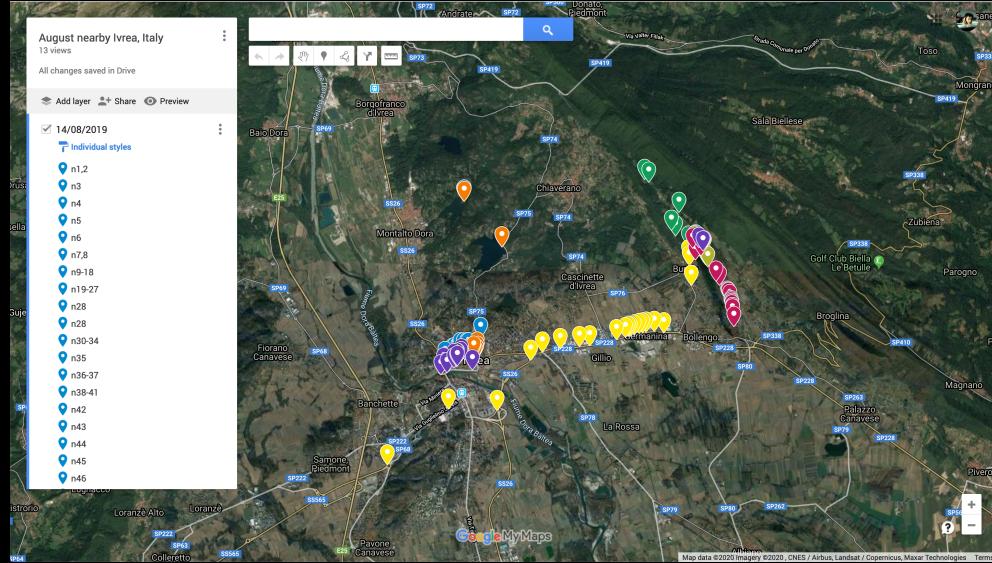

Humans were
reinvesting a
forgotten place
but not everything
goes as planned.

Reminds me of *In My Room*, where the hero, wakes up one morning and if the world seems unchanged, all human beings are volatilized. Robinson Crusoe of modern times.

Macchina contro esperienza

How much the
machine did
experience this city ?

How much
deconnected this city
is?

Critical analysis
between a modern
smart city with this
not smart city of
Ivrea. **What is smart**
being not smart ?
